WOMEN ENTREPRENEURS GUARANTEE SCHEME (Updated Version 19 July 2022)

I. INTRODUCTION

Micro, Small, and Medium Enterprise (MSME) is the backbone of the economy, which provides about 70% of the total employment and contributes to 58% of GDP (UNDESA, 2020)¹. According to the IFC, 61% of the businesses in Cambodia are owned by women. Most of these women-owned businesses are profitable to a certain extent and show good debt repayment track records. However, limited access to formal loans for women-owned businesses remains a challenge. The gap in credit financing is estimated at \$4.2 billion (IFC,2019)². CGCC sees the potential of women-owned enterprises to support economic growth and wishes to support the women-owned businesses on access to formal loans by introducing the Women Entrepreneurs Guarantee Scheme (WEGS).

WEGS aims to:

- To support women and women-owned businesses access to formal credit through CGCC’s credit guarantees by giving a higher guaranteed coverage of 80% and lower guarantee fees of 1% per annum for ALL sectors
- To support CGCC’s participating financial institutions to increase women’s loan portfolio
- To extend guaranteed loans to women and women-owned businesses with favorable credit guarantee features

WEGS is in line with the “Strategic Framework and Programs for Economic Recovery in the Context of Living with COVID-19 in a New Normal 2021 – 2023” which lays out the direction to “encourage commercial banks and microfinance institutions to increase additional lending by relaxing the credit guarantee requirements of CGCC, by expanding the scope of guarantee coverage with favorable terms for priority sectors set by the Royal Government of Cambodia.”
